

Chapter 13.

Variations on the Basic Method

Who?

Testing with Special Populations

- People Who Have Disabilities
- Older Adults
- Children

What:

Prototypes versus Real Products

- Paper & Low-Fi Prototypes
- Clickable or Usable Prototypes

How?

Techniques for Monitored Tests

- Gradual Disclosure (TL ger fortlöpande hjälp)
- Flexible Scripting (anpassa uppgifterna efter FP's intervjusvar)
- Co-Discovery (två FP tillsammans)
- Beta Testing with Favored Clients

Where?

- Testing Outside a Lab
- Remote Testing
- Automated Testing
- Testing In-Home or On-Site
- Self-Reporting (Surveys, Diary Studies)
